Collection of Data

When making payments by Apple Pay, we collect certain information or data on you.

We collect:

A tokenised version of your card details. This keeps your card information secure. The tokenised data is then sent to our server which charges your card and completes the sale in Vend (our Point of Sale software).

Keeping your data secure

Sending information over the internet is generally not completely secure, and we can't guarantee the security of your data while it's in transit.

Any data you send is at your own risk.

We have procedures and security features in place to keep your data secure once we receive it.

Disclosing your information

We will never disclose your information to a third party, unless we have a legal obligation to do so.

Your rights

You can find out what information we hold about you, and ask us not to use any of the information we collect.
